

JOB OPENING: Iowa Mid- to Senior-Level Civil or Water Resource Engineer

Responsibilities:

The successful candidate will be responsible for the design of civil and municipal engineering projects for highway, stormwater, public utilities, civil site design and related infrastructure projects, as well as client development and staff management. Candidate shall be able to both design and oversee implementation of projects independently and pass on knowledge and skills to other staff members when working as part of a team. Candidate will have the opportunity to work on a range of emerging sustainable techniques (green streets, water reuse, iron enhanced sand filter, tree trenches, saturated buffers, etc.) and projects of varying scale. Responsibilities will include the following:

- Work as part of a team and independently;
- Supervision & mentoring of engineers and staff in the planning and design of projects;
- Development of project documents including reports, studies, construction contract documents, permit applications;
- Interaction with clients, regulatory agencies, and the public as necessary for project completion;
- Business development activities;
- Field investigations and project site visits

Qualifications:

- BS in civil engineering or related engineering field;
- Minimum of 8-years related professional experience;
- Professional registration in IA or ability to obtain with 6 months;
- Proven ability to develop & produce civil and municipal engineering designs using AutoCAD/Civil 3D
- Proven ability to develop studies, reports, technical specifications, regulatory permit,
- Skilled in the preparation of Bidding, Contract Documents and Technical Specifications;
- Working knowledge of H&H and Water Quality Modeling;
- Must thrive in a small company environment, which requires a well-rounded skill set and the desire to explore new and innovative designs
- Excellent communication skills and an enthusiastic attitude
- Passion for the environment

Job Status: Full-Time

Location: Preference is Boone, Iowa office – also willing to explore other Iowa locations.

To Apply: Qualified candidates should e-mail or mail a letter of interest and résumé (including 3 references with current contact info.) to Susan Nelson (snelson@eorinc.com).
